COVID Testing Site Tests over 700 Sunday, More Tests Scheduled

City of San Marcos officials announced that the free COVID-19 testing site at Bonham Pre-k school on Sunday, June 14 tested at least 701 people throughout the day. The testing was coordinated by the Texas Division of Emergency Management (TDEM), the Texas National Guard, Hays County, San Marcos CISD, and the City of San Marcos.

"Our first mobile site in San Marcos tested more people in one day than any other drive-thru test site in Texas and that's an amazing accomplishment," said Emergency Management Coordinator Rachel Ingle. "This one-day response shows the importance of offering additional free testing opportunities for our community and we thank Superintendent Cardona and SMCISD for providing the facilities for the event."

Additional free testing opportunities will be available throughout Hays County this week at the sites listed below with access to drive-up and walk-up testing lanes at each location:

FREE COVID-19 TESTING SCHEDULE

Simon Middle School
3839 East FM 150, Kyle
